LEARN TO LEAD DRILL & CEREMONY PRACTICAL TESTS

TESTING OFFICER'S INSTRUCTIONS

Upon passing the online written test for a *Learn to Lead* chapter, each cadet must successfully complete a practical test of their proficiency in drill and ceremonies, as described in this test booklet, for each Achievement through the Mitchell Award.

Test Security. There is no need for this test booklet to be secured. Because these are performance tests and the subject matter is known to the cadets, there is essentially no advantage to cadets who happen to see the test booklet in advance.

Scoring Philosophy. Each drill maneuver usually involves several task steps. For example, the command, "Column Right, MARCH" involves ten or more task steps. To make it easy for testing officers to evaluate the cadets' performance on the drill field, this test booklet identifies two or three standards for each drill maneuver. Cadets who meet those standards earn credit for that drill maneuver. In other words, testing officers evaluate cadets only on the standards listed, even though those standards cannot possibly encompass every last facet of a drill maneuver.

Scoring Terms. For the purposes of this test, "satisfactory" and "unsatisfactory" performance is defined as:

SATISFACTORY: Performance meets the basic requirements for participating unaided in cadet drill and ceremonies. Most of the task steps that comprise the drill maneuver are carried out in an effective and proficient manner. The cadet meets all of the acceptable standards for the maneuver, as shown on the scorecard. Minor deficiencies exist, but they would not preclude the cadet from successfully participating on the drill field with other proficient cadets.

UNSATISFACTORY: Performance does not meet the basic requirements. The cadet requires coaching in order to perform many of the maneuver's task steps in an effective and proficient manner. The cadet does not meet the maneuver's acceptable standards, as listed on the scorecard. Significant deficiencies exist that would preclude the cadet from successfully participating on the drill field with other proficient cadets.

Scorecards. Testing officers may want to make photocopies of the drill scorecards found in this booklet. Evaluate the commands as they are performed, marking an "X" in the "S" column if it was performed satisfactorily, or the "U" column if it was performed unsatisfactorily. Tests 7 and 8 use special scorecards that are included in this booklet but are unlike those used for tests 1-6.

Passing Score. The number of evaluation items varies from test to test. The test scorecards specify how many items the cadets must successfully complete to pass that test. Generally, passing scores are roughly 75%.

Expert Help. Testing officers may use drill and ceremonies "experts" to help administer the test, call commands, etc. Cadet "experts" should be higher ranking than the cadet being tested. However, it is the senior member testing officer who scores the test - the cadet "experts" are merely helpers.

Passing Score: 80%. Must score at least 16 out of 20 possible points.

Problem #1

Diagram the Group in Line

You're the best Cadet First Sergeant on the encampment staff. The Cadet Commander comes seeking your expertise on how to handle Group formations. At this encampment, there are three squadrons, with two flights each. For the purpose of this test, your tasks are as follows:

1. Diagram how the Group should be formed in Line with Squadrons in Line and Flights in Line. (5 points)
2. Label the number of paces between each unit and their leaders. (3 points)
3. Use proper drill symbols in your diagram (2 points)

Problem #2

Change of Command Ceremony

Your Squadron Commander, Capt Curry, is relinquishing command to Capt Arnold. The Wing Commander, Col Mitchell, will preside over a formal Change of Command ceremony. As the squadron's Cadet First Sergeant, they've asked you to instruct them on how the ceremony should proceed. For the purposes of this test, you'll need your unit flag (or some kind of prop you can pretend is a flag), plus three people to assist you by playing the following roles:

- Capt Curry - Outgoing Commander
- Capt Arnold - Incoming Commander
- Col Mitchell - Wing Commander
- Yourself - Flag Bearer

For this exercise, your tasks are as follows:

1. Position the four participants listed above for the start of the Change of Command ceremony. (4 points)
2. Instruct the participants what maneuvers they'll execute. What does each say and when? How does the unit's flag come into play? When are salutes rendered and what drill movements are required? (6 points)

TESTING OFFICER: Mark an "X" to left of each item below that the cadet completes properly. Then, total the number of "X's" to score this problem.

The "perfect" solution looks like this:

1. Diagram how the Group should be formed in Line with Squadrons in Line and Flights in Line. (5 points)

- _____ correct locations for unit commanders
- _____ correct locations for flight sergeants and first sergeants
- _____ correct locations for flight guides and squadron guidon bearers
- _____ units arrayed in Line (next to one another, not behind one another as in Column)
- _____ other item / testing officer's discretion
(do not penalize cadets if they don't include a band)

2. Label the number of paces between each unit and their leaders. (3 points)

- _____ three paces between flights
- _____ eighteen paces between squadrons
- _____ other item / testing officer's discretion

3. Use proper drill symbols in your diagram (2 points)

- _____ at least half of the symbols are correct
- _____ at least 80% of the symbols are correct

ACHIEVEMENT 8 Drill & Ceremonies Practical Test

Topic: Wing Formations

Conditions: Form at least 2 cadets into a single element

Instructions: See page 1

Passing Score: 70%. Must score at least 7 out of 10 possible points.

You're a squadron first sergeant at a huge encampment. A full cadet wing consisting of several groups and squadrons will march in review. The wing has completed the various ceremonies that lead up to the climax of the review, when the Commander of Troops orders, "PASS IN REVIEW."

At this point, your squadron is facing the reviewing stand and the formation looks like this:

Upon the command "PASS IN REVIEW," your group commander orders, "Right Turn, MARCH." After executing the turn, your formation looks like this:

Your Task:

What happens next? Get a handful of cadets to play the part of airmen in your formation. Also place one cadet at the "reviewing stand" to act as the reviewing officer. March your "squadron" past the reviewing stand. Call the appropriate commands and render the appropriate honors to the reviewing officer.

Solution:

1 point each; 7 points needed to pass

___ March the "squadron" forward a ways (the distance doesn't matter)

___ Command, "Left Turn, MARCH" (count "Column Left, MARCH" as correct, too)

___ March the squadron forward (again, the distance doesn't matter)

___ Command, "Left Turn, MARCH" (count "Column Left, MARCH" as correct, too)

___ March the squadron forward

___ When the cadet is six paces away from the Reviewing Officer, the cadet commands, "Eyes, RIGHT"

___ Upon the command "Eyes, RIGHT," the cadet (but not the formation) presents arms.
